EXPERIENCE

Gold Level Junior Developer — LearningFuze Web Development Bootcamp — Irvine, CA

(March 2015 - present)

- Completed intensive 12 week full immersion web development bootcamp which required 12 hours per day during the week and 8 hours per day during the weekends of coding which represents more than 890 hours of web development training.
- Garnered skills and real-world workplace knowledge in a project oriented environment modeled after those found in development companies.
- Team Leader of Crash Test Dummies LearningFuze Hackathon Cohort 4
- Graduated with the highest average test scores in the Cohort
- Trained to use GitHub with git version control and collaboration tools in an agile development environment.
- Final project required students to use knowledge acquired over the course to build a web application that solved a problem of the students choosing. Utilized knowledge of MySQL, Google Maps and Places API, Javascript, jQuery and PHP to store user information as well as a history of all the users lunch spots for planning purposes.
