EXPERIENCE

Offsite Code Reviewer [Employee] — LearningFuze Web Development Bootcamp — Irvine, CA
(August 2015 - Present)
- I am currently helping out part time at LearningFuze in Irvine, CA. I review current students code on GitHub and utilize pull request and issues to give the students feedback and help if needed.

Gold Level Junior Developer [Student] — LearningFuze Web Development Bootcamp — Irvine, CA
(March 2015 - June 2015)
- Completed intensive 12 week full immersion web development bootcamp which required 12 hours per day during the week and 8 hours per day during the weekends of coding which represents more than 890 hours of web development training.
- Garnered skills and real-world workplace knowledge in a project oriented environment modeled after those found in development companies. Also received the highest average test scores.
- Team Leader of winning team Crash Test Dummies LearningFuze Hackathon Cohort 4
- Trained to use GitHub with git version control and collaboration tools in an agile development environment.
- Final project required students to use knowledge acquired over the course to build a web application that solved a problem of the students choosing. Utilized knowledge of MySQL, Google Maps and Places API, Javascript, jQuery and PHP to store user information as well as a history of all the users lunch spots for planning purposes.

Life Insurance Sales — One America Financial Group — Newport Beach, CA
(September 2013 - August 2014)
- Same position as Mass Mutual paid salary in addition to commissions.

Life Insurance Sales — Mass Mutual Financial Group — Newport Beach, CA
(August 2012 - August 2013)
- Used CRM for Group Form Letter Generation and daily appointment tracking.
- Created detailed Risk Analysis Reports using ECO-wealth financial planning software.
- Participated in Beta Test for Evervize financial services application

EDUCATION
